

**Camp Adventure** is a one-week sleep away camp designed in 1990, by parents of children diagnosed with cancer.

For M♥RE than 25 years our volunteers have created over-the-top events, such as, firework shows, concerts & carnivals. Our dedicated team of healthcare professionals ensure our children can enjoy a safe week of fun & friendship.

This landmark children's oncology camp, is M♥RE than a program to its members, it is what we lovingly refer to as our "Camp Family"
